2027 BIT International Winter Programs （Beijing Campus）

Discover China. Advance your skills. Join BIT in 2027!

Beijing Campus

INTRODUCTION

In recent years, Beijing Institute of Technology has successfully held on-campus and online programs in winter and summer seasons, attracting more than 500 students annually. For the winter of 2027, we will hold winter programs at both the Beijing and Zhuhai campuses of BIT, it is set to offer an array of on-campus and online winter programs tailored to your interests in the field of Intelligent Manufacturing, Material Science, Chinese Language and Culture.

Key Benefits

☆**Diversity--Global Community, Local Charm**
Immerse yourself in a highly international environment and expand cross-cultural communication opportunities.
☆**Enhancement--Language & Professional Development**
Acquire foundational knowledge of Chinese for daily and academic communication.
☆**Cultural Immersion--Heritage Exploration**
Participate in field trips to cultural heritage sites and engage deeply with Chinese folk culture.

Program Schedules

1.【2027 BIT (BEIJING) Smart Manufacturing and New Energy Technology】
This program integrates manufacturing with AI, Big Data, and the industrial internet. Students can apply intelligent manufacturing technologies and systematically learn the practical pathways for the digital, networked, and intelligent transformation of manufacturing.
Topics：Smart Manufacturing, Fundamentals of Design and Manufacturing, Industrial Internet and Internet of Things (IoT), Machine Vision
Capacity Size: 15 — 80

2.【2027 BIT (BEIJING) Frontiers of Materials Science for Renewable Energy】
During the winter school, students will be provided with comprehensive exploration opportunities in frontiers of materials science within the field of renewable energy.

Through participation in lectures and laboratory practices, students will acquire fundamental knowledge and experimental skills in the field.
Topics： Basic Electrochemical Knowledge, Proton Exchange Membrane Fuel Cells and Water Electrolyzers, Lithium-Ion Batteries, Photovoltaic Devices
Capacity Size: 15 — 60

3.【2027 BIT (BEIJING) Chinese Language and Multicultural Practice】

Open to anyone interested in learning Mandarin and exploring the Chinese way of life. You will study alongside peers from various cultural and academic backgrounds and gain firsthand experience of Chinese culture.
Topics：Spoken Chinese, Cultural Sharing, Communicative Chinese, Chinese Cuisine, Chinese Calligraphy, Culture Tours
Capacity Size: 15 — 80

NOTE: There are official enrollment spots available for these programs, and we operate on a first-come, first-served basis. If you are successfully admitted, we will send official Admission Letter to be as the confirmation.
